

Administrative Student Programme 2026-2 – Application Notes

Applicant Name: Fuad Assen

Date: 12/23/2025

Motivation Statement

I am applying for the Administrative Student Programme 2026-2 because I am eager to gain practical experience in administrative operations within an international and multicultural environment. This programme represents an excellent opportunity for me to strengthen my organizational, communication, and coordination skills while contributing meaningfully to the daily functioning of the organization.

I am particularly motivated by the chance to support teams in areas such as scheduling, documentation, data management, and general administrative tasks, while learning how a global institution operates. I value accuracy, professionalism, and collaboration, and I approach my work with a strong sense of responsibility and attention to detail.

Being based in Geneva, a hub for international cooperation, is especially inspiring to me. I am enthusiastic about learning from experienced professionals, adapting to new challenges, and contributing positively to the team's objectives. This programme aligns perfectly with my academic background and my ambition to build a career in an international administrative or organizational role.
